**Area of use:** logistics and warehouses

**Installation:** ceiling surface, suspension and hanging rail

## BENEFITS

**Life cycle:** Origi is the first professional luminaire designed to last forever without compromising on components. Energy efficiency (154-**204lm/W**), intelligence and optics, guaranteeing low kWh/m<sup>2</sup> results. L90/100 000 h and CLO allow the use of a low maintenance factor in lighting design, supporting EPBD efficient w/m<sup>2</sup> calculation.

### Design.

**Luminaire-specific sensor:** Versions equipped with a motion and presence sensor, has an NLC Bluetooth or Casambi sensor embedded in the end cap for improved wireless network coverage.

**Maintainability:** the luminaire is maintainable with Zhaga standard components by Greenled and other lighting professionals. It is compatible with Zhaga Book 7 standard linear LED cards and optics and all Zhaga Book 15 standard LED cards and optics. In addition, the luminaire can be used with Zhaga Book 13 linear LED drivers. The Zhaga Book 20 and Zhaga Book 25 standards ensure serviceability and availability of spare parts.

**DALI2 data** support for smart homes (EPBD-SRI), and DiiA certified features (251, 252, 253) allow data storage, energy reporting, diagnostics (overvoltage and thermal) and proactive failure information 1000-5000 h before end of life (control management system support required).

**Price and warranty:** despite its superior life cycle, Origi is very price competitive compared to any similar product.

## SUITABILITY

**Logistics sites of all sizes** where quality and ease of maintenance are important. Origin's serviceability allows for a radical reduction in property maintenance costs, as well as comfort. The luminaire is available in 3 different lengths.

**Installation.** Connection of the luminaire from the end with a quick coupling.

Origi is suitable for **both wireless and wired** control
